Environmental Finance Center

Who We Are

Founded in 1993, the **Syracuse University Environmental Finance Center (SU-EFC)** is proud to be part of the Institute for Sustainability Engagement (ISE), providing expert guidance and support to communities across EPA Region 2 by helping them navigate state and federal infrastructure funding and tackle the “how-to-pay” component of environmental protection and infrastructure investment.

As part of ISE, SU-EFC helps communities secure water infrastructure funding, develop shovel-ready projects, and navigate state and federal financing.

Learn more about ISE by visiting: sustainabilityengagement.syracuse.edu

Who's in the Room?

Please raise your hand if you...

1. Represent a community of fewer than 2,500 residents
2. Represent a community of 2,500 - 5,000 residents
3. Represent a community of more than 5,000 residents
4. Other
